

IMPERIAL MANUFACTURING GROUP ACQUIRES DUNDAS JAFINE

RICHIBUCTO, NB – July 21, 2025 – Imperial Manufacturing Group (IMG), a leading manufacturer of residential and light commercial HVAC and building products, is pleased to announce the acquisition of Dundas Jafine, a renowned manufacturer of air distribution products, effective May 1, 2025. This important acquisition strengthens IMG's venting and flexible duct category by adding manufacturing capacity and increasing its product offering.

Dundas Jafine is a prominent manufacturer of high-quality and innovative dryer venting and flexible duct products with two locations in Brampton, ON, and one in Alden, NY. Established in 1934 by the Jafine family as a feed and seed retail store, Dundas Jafine entered the Air Distribution market in the early 1960s. Since then, it has expanded its HVAC product offering and grown its customer base via new equipment and strategic acquisitions.

"We are excited to have Dundas Jafine join the IMG group of companies," said Normand Caissie, IMG Founder and CEO. "Dundas (Jafine) has always been a strong and respected manufacturer in the Venting and Flexible Duct market. We share similar values and have built strong partnerships with our customers."

"The acquisition aligns perfectly with IMG's strategy of becoming North America's Supplier of Choice for Air Distribution Products," stated Bradley Spencer, IMG President and COO. "Consolidating our knowledge and experience will support our quest for advanced product improvement and elevate our customer service."

This acquisition marks IMG's fourth since the beginning of the decade.

"This partnership represents a significant milestone in our 90-year history," shared David Jafine, President of Dundas Jafine. "We're excited to join this world-class company that shares our core values and strategic direction as we look towards growing our air distribution offering."

Mr. Jafine will remain with the company over the next six to twelve months to ensure a smooth transition to new ownership. The current Dundas Jafine management team will continue managing and operating the business in collaboration with IMG.
